

**REMARKS**

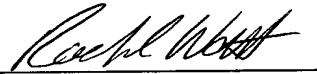

Consideration of the above-identified patent application, as amended herein, is respectfully requested.

Amendments are being made to the Specification to include paragraph numbers and to provide headings to conform with accepted U.S. practice. No new matter has been added.

Claim 3 is amended to remove the multiple dependency and to further clarify the invention. Claim 4 is also presented to further clarify the invention. No new matter has been added and the scope of the claims has not been narrowed by this preliminary amendment.

Please proceed to examine the application as amended herein.

Respectfully submitted,
